Date: 02/04/2024

Test Summary

Scope of Testing:

The primary objective was to ensure the functionality, usability, and compatibility of the "תן ביס" website.

This included testing the following main Modules :

הרשמה/זו הפעם הראשונה שלי בתן ביס
התחברות/כבר יש לי חשבון
משלוח/ פיקאפ
מיקום
חיפוש (מנות, מסעדות או סוגי אוכל)
סוגי אוכל
סינון
סידור רשימה לפי
שקופיות מתחלפות (פרסומות)
פס מידע תחתון
תפריט "ה, צוות 4": פרטים אישיים, כרטיסי אשראי, שולחן לשניים, יציאה

Modules that were planned to be tested but did not: None.

Testing Period:

The testing was conducted over one sprint, from 17/03/2024 to 04/04/2024.

Testing Environment:

Browsers included Chrome, Safari on desktop and mobile platforms.

High-Level Results:

A total of 61 test cases were executed:
with 56 passing, and 5 failing.

Testing Activities

The Test Activities section details the comprehensive and methodical.

approach undertaken to evaluate the functionality, and user experience of the “תן ביס” website.

This phase involved a series of targeted test types designed to rigorously assess each aspect of the website, ensuring reliability and quality from the user’s perspective.

The following Testing Activities were performed in this sprint/s:

Smoke Tests

The smoke test has passed successfully.

Functional Testing

All functional testing has been conducted, confirming that all features and modules are operating as intended.

Except for 5 open bugs classified as 'medium & low' priority.

Compatibility Testing

During the compatibility testing on the navigation bar at the bottom of the pages, 1 issue emerged:

The link “צור קשר” does not work in computer devices that are not configured with an e-mail app.

Parallely, in mobile devices, when we touch the “צור קשר” link, it opens the email app with the address to contact them automatically.

Results and Findings

This section presents the key outcomes of our testing efforts on “תן ביס” website.

Here, we will present the important metrics that will highlighting both the strengths and the areas needing attention.

These Metrics will provide a comprehensive understanding of the current state of the website's functionality, usability, and overall performance.
